

Reception News – 25th June 2026

Malmesbury
Primary & Nursery School

Goodbye Butterflies!

Maple class have loved watching their caterpillars grow and transform into beautiful butterflies. The children were fascinated by each stage of the life cycle and enjoyed observing the changes every day. This week, we proudly released our butterflies into the wild and waved them goodbye as they flew away!

Dates for the Diary

More information to follow

Monday 29th June: Science Week

Thursday 2nd July: Summer Fest

Wednesday 8th July: Nursery & Reception Sports Day

Wednesday 15th July: School trip to Alice Holt Forest with year 1.

Summer Sun

Reception Class have been making the most of the warm weather while learning all about sun safety and the importance of staying hydrated. The children have enjoyed lots of exciting water play activities to help keep cool and have been remembering to drink plenty of water throughout the day. We also enjoyed some delicious, juicy watermelon as a healthy snack while learning how fruit can help keep us refreshed in the sunshine.

Under the Sea!

The children have enjoyed reading *Hooray for Fish!* and learning lots of interesting facts about fish. We discovered that clownfish can be red, yellow and black, as well as the more familiar orange colour! The children have loved taking part in a range of fish-themed crafts and have had great fun exploring and playing with our felt aquarium.
