

English

As readers, we will be discussing the different techniques an author uses to capture the reader's imagination.

As writers, we will be working on adding more description into our writing. We will be learning how to use a thesaurus to widen our descriptive vocabulary.

Science

As scientists, we will be identifying that animals, including humans, need different food.

We will learn that living things cannot make their own food.

We will also be investigating the different food groups.

French

As linguists, we will begin to write words in French. We will be focusing on our name, age, feelings and numbers to 20.

PE

As healthy children, we will be developing our skills in a variety of ways. We will be learning to play netball and new playground games.

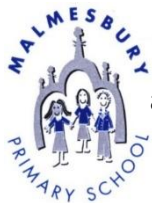

Computing

In computing, we will develop our understanding of digital devices, with a focus on inputs, processes, and outputs. We will also be introduced to computer networks, including devices that make up a network's infrastructure, such as wireless access points and switches. We will also be practising typing skills.

Maths

As mathematicians, we will be recognising the place value of numbers up to 1000. We will be learning how to represent these in different ways and write them in words. We will be solving number problems and practical problems involving these ideas.

Home Learning

These activities are designed to extend your learning at home. Daily tasks are very important and try to complete an additional activity each week. You can record your learning in your home-school diary, on Google Classroom or we would love to see it in school! You can also email photos or documents to school@malmesbury.merton.sch.uk

What we are reading: Aesop's Fables

Daily Tasks

Practice your 2, 5, 10 times tables, ready for your Bronze TTSS badge!

Try learning these spellings:

accident, accidentally, actual, actually, address, answer, appear, arrive, believe, bicycle, breathe, build.

Once you've learnt how to spell them and are confident in using them, try to include them in a sentence or even in a story!

Food Glorious Food

In DT we are learning about seasonal food. Could you plant some seasonal seeds at home? Can you keep a diary of their growth?

Visit a local greengrocers. What fruit or vegetables could you try?

You might like to bring in a recipe of your favourite food and share it with the class.

Creative writing story starter:

I was finally holding the map...

Everything was happening so slowly...

I couldn't believe what I was seeing...

Special celebrations

Prepare a poster or presentation about any of your religious traditions, ready to present to the class or to share on Google Classroom.

What special things do you do to celebrate? Do you see members of your family or friends? Do you go to a special place? What does that celebration mean to you? Do you wear anything special?

Independent Reading

Complete 10 minutes of reading every day; try to read your sticker book or you can read on Bug Club.

In your home school diary there are some reading activities for you to try (page 124).

Choose a new book genre from the wall or try one of the activities and write a book review!

Digital Devices!

Have a look around your home for all of the digital devices you can find.

What can you do on them? How do they help us in our lives?

How often do you use them?

Families and Friendships

In PSHE we are learning more about different types of family. Can you make a family tree?
